Judge,

You wrote a memorandum to me asking that I check into an inquiry by Congressman Moorhead (California) concerning one of his constituent's application for Agency employment. Simultaneously, we received the attached memorandum from Congressional Affairs reporting that the matter has been handled to the Congressman's satisfaction.

The constituent/applicant was unable after eight hours on the polygraph to resolve security questions, but the policy of the Office of Personnel is not to directly tell the applicant the exact problem and especially not to notify a third party, even a Congressman. Our Congressional liaison officer indicated, however, that she subtly hinted to Congressman Moorhead that the applicant would be better off seeking other employment. She said the Congressman was happy with the answer and is not expecting a call from you.
